

maniscalco
australian for mosaics

Distributors of “fair dinkum” stone, glass and metal products.

G/day mates,

The theme of this latest edition of our product catalog is “Australian Cities.”

By land mass Australia is the 6th largest nation in the world, yet the population is only 24 million.

Of these 24 million, 15 million live in the 5 largest cities, that’s over 60% of the total population. Sydney being the most populated, followed in order by Melbourne, Brisbane, Perth and Adelaide.

Throughout the pages of this new catalog we will tempt you with a glimpse of life in our 5 major cities, featuring some instantly recognizable iconic landmarks as well as some not so well know but equally interesting places and popular activities. Maniscalco is proud of our “Home Downunder” and can thoroughly recommend it as a bucket list destination.

Since moving our Distribution Center to Dallas Texas in late 2013 Maniscalco now delivers a more efficient level of service to our customers nationwide.

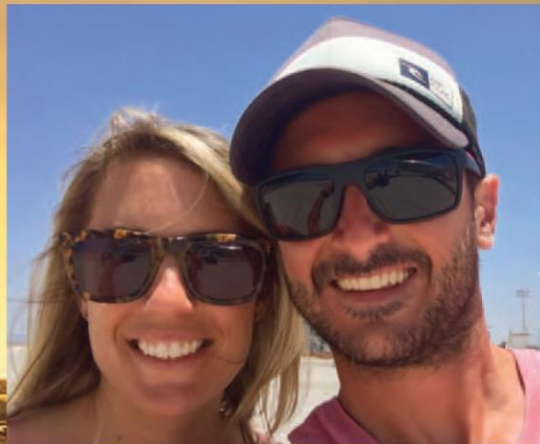

In August 2016 we further improved the operational structure by opening a Customer Service Center at the Dallas facility. This has proved to be a great move and we have received wonderful feedback.

Maniscalco will continue to invest in and improve our systems and processes with the goal of delivering the best possible customer experience. Team Maniscalco is a “bonza” (fantastic) group of people, dedicated to providing top notch products, on time and intact at “true blue” (genuine) value.

I am really stoked about the possibilities moving forward. Renewed economic confidence, great customers and dedicated staff.

“Fair dinkum cobber’s” (truly mates) what more could a bloke (guy) from Down Under ask for!

Hooroo (cheers) for now,
Rob Maniscalco
Owner

Rob with his wife Liz in Sydney, Australia
