

maniscalco®

Our mission is to be a Design Innovator of best-quality, unique stone, glass, ceramic and metal products with Superior Service and Competitive prices

Since our move from California to Texas in 2013, we have made many changes and improvements. Our main goal for moving to Dallas was to become more centrally located to our customer base in order to deliver a higher level of service to all of our customers nationwide.

In August 2016, we moved our customer service center to the Dallas facility. This allowed us to improve operational efficiency and to provide better customer service.

In 2017, we partnered with Styles Capital Group thus becoming SCG Maniscalco Stone. This has proven to be a wise decision. Through this partnership, we have invested in the future by expanding our design capabilities and inventory of current products, and significantly diversified our product offering. Additionally, “we bought a building” and moved in 2018! This proactive change offered us new office space and a larger warehouse, needed for the success of our fast growing business.

SCG Maniscalco Stone is dedicated to you, our customer. We wouldn't be here without your support and confidence. Our goal is simple, to be a design innovator of best-quality products with superior customer service. We love what we do and we want to bring a little “magic” into your life with our products. We are excited about our future and are always striving for excellence in every aspect of our business. If you have any suggestions or feedback on how we can improve, we would love to hear from you. We promise to listen and to do our best to serve you and all of our customers every day!

Your Management Team,
SCG Maniscalco Stone

SART2X8 2-1/2 x 8 Tidal Glossy

The color Tidal is a unique variation. We use a reaction glaze to get this effect. This is a glaze that is added to the tile before it goes into the kiln and once it hits the heat the color of the tile varies, making the color totally random with a lot of movement. This color also has many different blended designs. Some of the designs

are unique, while others are repeated with different color intensities. Please note that Pilbara Habitat is a V4 color variation. Tiles will vary from piece to piece and batch to batch. It is possible that all colors within the tiles are not shown in your display samples, catalog, website, etc.

V-1 / Uniform Appearance

Differences among pieces from the same production run are minimal.

Series/Items:

Symmetry / All

Contour / All

V-2 / Slight Variation

Clearly distinguishable differences in texture and/or pattern within similar colors.

Series/Items:

Color Splash / All	Simpson Desert Glass / All
Outback Split Face / All	Victoria Metals / All
Murray River Metals / All	
Perth Penny Rounds	

V-3 / Moderate Variation

While the colors and/or texture present on a single piece of tile will be indicative of the colors and/or texture to be expected on the other tiles, the amount of colors and/or texture on each piece may vary significantly. It is recommended that the range be viewed before selection.

<u>Series/Items:</u>	Minnamurra Moldings / All
Anakie / All	Olga's Stone / All
Bennelong Point / All	Oxford St. / All
Daintree Exotic Mosaics / All	Reflections / All
Gosford Glass & Stone / All	Studio Café & Sydney Cove / All
Kaleidoscope / All	

V-4 / Substantial Variation

Random color and/or texture differences from tile to tile, so that one tile may have totally different colors and/or texture from that on other tiles. Thus, the final installation will be unique. It is recommended that the range be viewed before selection

Series/Items:

Little Sandy Pebbles / All	Sutherland Slate Stix / All
Botany Bay Pebbles / All	Tundra Melted Glass / All
Pilbara Habitat / All	Versa lite / All

- ◆ **X = Recommended Use**
- ◆ Always use this Product Usage Chart in conjunction with the Installation, Care & Maintenance Guide
- ◆ Email: Techinfo@maniscalcostone.com for more detailed information. Include the product item code, intended usage, as well as contact details with your inquiry
- ◆ Always use a qualified contractor experienced in the art of setting tiles
- ◆ Maniscalco assumes no responsibility for material after it has been installed and is not responsible for improper use of products
